

The National Marketplace of Domestic Production!

Elonky brings producers and buyers together
in a single secure point.

Handmade ·
Authentic production ·
Open to the world ·

Is this a **marketplace**?

Yes.
But not like the ones you know.

Elonky is a **hybrid D2B2C marketplace** that offers selling opportunities from producer directly to consumer (D2C) or to retailer (B2B).

We specialize in handmade, customizable, and unique products. **We don't just sell the product; we inspect, pack, and ship it to the world.**

With **Fulfillment by Elonky**, quality is in Turkey, delivery is worldwide.

What Makes **Elonky** Different?

The system works here.

- Hybrid D2B2C model
- Turkey-based quality control
- Standardized packaging, zero damage target
- Duty-free delivery in the USA
- Handmade and customization-oriented product structure

Local Maker Philosophy

Every product has a story.

At Elonky, products come from workshops, not factories.
There is a story behind every product.

- Small producers become visible globally
- The buyer purchases labor and culture

From Local to Global.

But without losing its soul.

Why Elonky for Buyers?

Fair and transparent pricing

Elonky monitors product prices in line with market conditions to help prevent unreasonable pricing. By supporting fair, transparent, and balanced pricing, we protect buyers and provide a reliable shopping experience.

- High-quality products at fair prices
- Fair and transparent pricing
- Buyer protection against unreasonable pricing
- Free shipping & free returns
- Duty-free delivery for the USA
- Quality-controlled products
- Customizable products
- Sustainable packaging
- Direct support for local producers

**What you buy at Elonky is
not just a product, it is a producer's story.**

Why Elonky for Sellers?

**Because your labor
should find its value.**

- Free listing
- 0 commission (only 5% payment processing fee)
- Fulfillment by Elonky
- Direct access to global markets
- D2B + D2C sales model
- Delivery with Elonky assurance

**The product from your workshop goes to the world
with the Elonky label.**

How **Elonky** Works?

List Your Products

Producers and sellers offer their products for sale by adding them to the Elonky system.

Receive Orders

Products meet buyers in global markets and the ordering process begins.

Send the Product to Elonky

The sold product is delivered to the Elonky center for the continuation of the operation.

Quality Control & Packaging

Products go through a quality control process; packaging standards are inspected and made ready for shipment.

Worldwide Delivery

Elonky delivers to customers all over the world. From Türkiye to global destinations, every order is prepared, dispatched, and tracked through a secure logistics process.

Estimated Delivery Time

Delivery times may vary depending on the destination country, product type, and customs procedures. The estimated delivery time is clearly presented to the buyer before the order is completed.

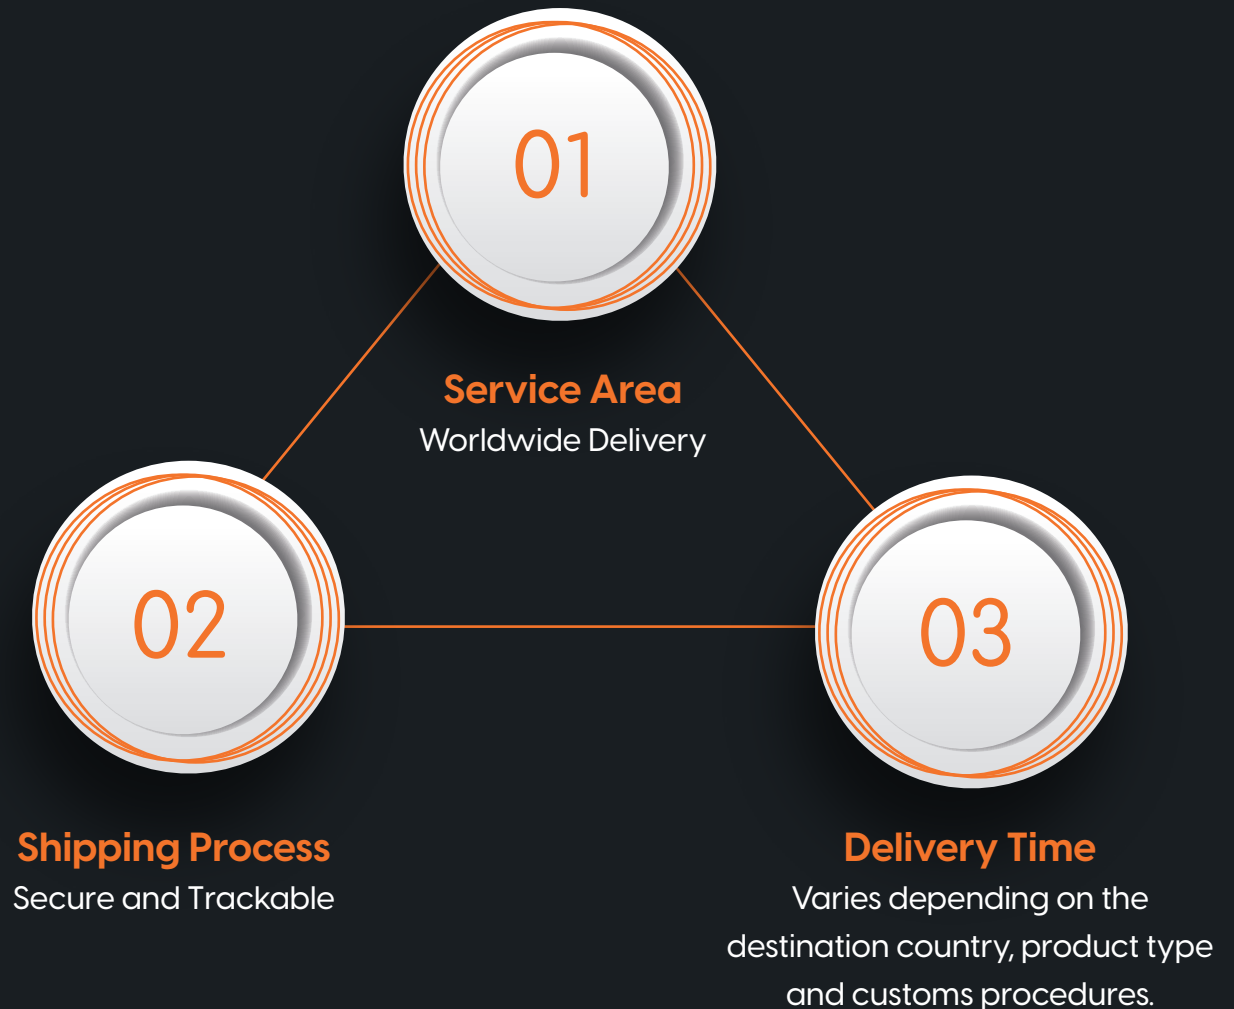

Where Does **Elonky** Deliver?

From Türkiye to the world.

Elonky connects local producers with buyers across the globe. Through our international logistics network, we deliver orders to customers worldwide with a secure, trackable, and carefully managed shipping process.

No matter where the buyer is, products prepared in Türkiye begin their journey to the world with Elonky.

Sustainability

**Less footprint
more value.**

- Eco-friendly and recyclable packaging
- Goal of reducing carbon impact in operational processes
- Reuse and long-lasting product approach
- Fair earnings for the producer, transparent pricing for the buyer

**Elonky establishes an accessible, affordable
and sustainable trade model.**

Whether you are a producer or a buyer;
At Elonky, both your labor and your story have value.
